DIED SUDDENLY OF HEART DISEASE.

How frequently does a head line similar to the above greet us in the newspapers. The rush, push and strenuousness of the American people has a strong tendency to lead up to valvular and other affections of the heart, attended by irregular action, palpitation, dizziness, smothered sensations and other distressing symptoms.

Three of the prominent ingredients of which Dr. Pierce's Golden Medical Discovery is made are recommended by some of the leading writers on *Materia Medica* for the cure of just such cases. Golden Seal root, for instance, is said by the UNITED STATES DISPENSATORY, a standard authority, "to impart tone and increased power to the heart's action." Numerous other leading authorities represent Golden Seal as an unsurpassed tonic for the muscular system in general, and as the heart is almost wholly composed of muscular tissue, it naturally follows that it must be greatly strengthened by this superb general tonic. But probably the most important ingredient of "Golden Medical Discovery," so far as its marvelous cures of valvular and other affections of the heart are concerned, is Stone root, or *Collinsonia Can.*, Prof. Wm. Paine, author of Paine's Epitomy of Medicine, says of it:

"I, not long since, had a patient who was so much oppressed with valvular disease of the heart that his friends were obliged to carry him up-stairs. He, however, gradually recovered under the influence of Collinsonin (medicinal principle extracted from Stone root), and is now attending to his business. Heretofore physicians knew of no remedy for the removal of so distressing and so dangerous a malady. With them it was all guess-work, and it fearfully warned the afflicted that death was near at hand. Collinsonin unquestionably affords relief in such cases, and in most instances effects a cure."

Stone root is also recommended by Drs. Hale and Ellingwood, of Chicago, for valvular and other diseases of the heart. The latter says: "It is a heart tonic of direct and *permanent* influence."

"Golden Medical Discovery," not only cures serious heart affections, but is a most efficient general tonic and invigorator, strengthening the stomach, invigorating the liver, regulating the bowels and curing catarrhal affections in all parts of the system.

IT IS FOR LADIES, TOO.

They Can Stop Their Hair Falling Out With Herpicide.

Ladies who have thin hair and whose hair is falling out, can prevent the hair falling out, and thicken the growth, with Newbro's "Herpicide." Besides, Herpicide is one of the most agreeable hair dressings there is. Herpicide kills the dandruff germ that eats the hair off at the root. After the germ is destroyed, the root will shoot up, and the hair grow long as ever. Even a sample will convince any lady that Newbro's Herpicide is an indispensable toilet requisite. It contains no oil or grease, it will not stain or dye. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and $1.00.

Rheumatism

I have found a tried and tested cure for Rheumatism! Not a remedy that will straighten the distorted limbs of chronic cripples, nor turn bony growths back to flesh again. That is impossible. But I can now surely kill the pains and pangs of this deplorable disease.

In Germany—with a Chemist in the City of Darmstadt—I found the last ingredient with which Dr. Shoop's Rheumatic Remedy was made a perfected, dependable prescription. Without that last ingredient, I successfully treated many, many cases of Rheumatism; but now, at last, it unfailingly cures all curable cases of this heretofore much dreaded disease. Those sand-like granular wastes, found in Rheumatic blood, seem to dissolve and pass away under the action of this remedy as freely as does sugar when added to pure water. And then, when dissolved, these poisonous wastes freely pass from the system, and the cause of Rheumatism is gone forever. There is now no real need—no actual excuse to suffer longer without help. We sell, and in confidence recommend

Lovers Drown.

As has been stated in the Gazette, Miss Mabel Pendleton, of Waynesboro, Va., committed suicide at an early hour yesterday morning by leaping from a suspension bridge that connects Clifton Forge with a suburban settlement, and her lover, Stuart Gay, in an effort to save the life of his sweetheart, was also drowned. The young woman was heartbroken because her plans to wed had been frustrated. The young couple left Clifton Forge at midnight Wednesday night en route for Washington with the intention of being married. They were intercepted at Staunton by a telegram from Mrs. W. H. Hooker, sister of Miss Pendleton, with a request that they be sent back to Clifton Forge on the next train. Arriving in that city at 7 o'clock yesterday morning, they started for the home of Mrs. Hooker, over the suspension bridge.

When about half way across Miss Pendleton leaped to the water, about 80 feet below. Mr. Gay reached out to save her, but his grasp was eluded and in a twinkling her body was floating down the stream. Gay then climbed over the railing and suspended himself from a beam and dropped into the water. He swam to the side of the girl. She stretched out her hands and clasped him about the neck, and in an instant both were drowned.

Efforts to locate the bodies so far have been fruitless. The river is very deep and swift at the point, and it is feared that their bodies were washed some distance down stream.

Miss Pendleton's home was at Waynesboro, although she had spent most of her life in Clifton Forge with her sister.

Miss Pendleton's very tender age was the cause of the objection to her marriage. Gay was also in his seventeenth year. He was a son of C. S. Gay, of Clifton Forge, a well-known passenger conductor on the Chesapeake and Ohio Railway. Young Gay was employed by the Chesapeake and Ohio at the time of his untimely death.

Attempt to Wreck a Train.

A dispatch from Philadelphia says that another attempt to wreck an express train, this time on the Reading Railway, occurred last night at Gwynedd station. Two men carrying dynamite and other articles were responsible for the effort, which was frustrated by the engineer of the train.

Joseph McDermott, engineer of the south-bound, saw two men working at the rails about 200 feet ahead. He brought the train to a sudden stop. The two men, so intent in their work, had evidently not been aware of the train's approach. Hearing the whistle of the train, they jumped to their feet, ran into the woods, and disappeared.

The engineer and train crew found two sticks of dynamite near the track. Examination of the track at this point showed the men were also provided with fish plates and spike bars, as well as some tools used in track-laying. The men had not had the opportunity to do any damage, but it is believed they intended to remove the fish plates from the rails without breaking the bond wires which control the automatic signal system. Then, it is believed, they intended to plant dynamite.

The attempt may have been designed against the Lehigh Valley Express, which passes that point about 9 o'clock. A dozen detectives were put at work on the case.

Earthquake Shocks.

A dispatch from London says that Prof. Belar, of the Laibach Observatory, telegraphs that a great earthquake began at 10:15 last night mid-European time. The center of the disturbance was apparently 6,250 miles distant. John Milne, the well-known English seismologist, states that his instruments recorded a large earthquake, beginning at 9:10 Wednesday night. It reached its maximum intensity at 10:05, and continued for a long time afterward. Mr. Milne tentatively estimates that it was 5,400 miles distant, probably in Mexico or the northern part of South America.

There were two earthquake shocks at Manila this morning. The first occurred a 5:07:50. No damage was done.

Advices from Buenos Ayres say that the Puyehue volcano continues in full eruption, severe explosions occurring every two or three hours. Big areas of land, especially on the Chilean side, have been buried in lava. All the neighboring villages have been abandoned. Great numbers of cattle have been killed.

It has been discovered that the cathedral at Mexico City, one of the largest and most famous churches in the world, was cracked from top to bottom by the recent earthquake. The fissure is an eighth of an inch wide.

Does Coffee disagree with you? Probably it does! Then try Dr. Shoop's Health Coffee. "Health Coffee" is a clever combination of parched cereals and nuts. Not a grain of real Coffee, remember, in Dr. Shoop's Health Coffee, yet its flavor and taste matches closely old Java and Mocha Coffee. If your stomach, heart or kidneys cannot stand Coffee drinking, try Health Coffee. It is wholesome, nourishing, and satisfying. It's nice even for the youngest child. Sold by E. S. Pictures in natural colors of 97 presents for the users of Arbuckles' ARIOSA Coffee. Will be sent free to any one who writes for it.

Do you realize what a great business this Arbuckles' ARIOSA Coffee is? As many as 30,000 letters for presents are received here in a day. In a year we despatched four million individual presents to our customers — presents that brought letters of thanks and appreciation in return.

Here is one from Mrs. De Jarnette:

"I appreciate highly the beautiful presents sent me from you from time to time and will say that your coffee is the leading brand on the market, * * * the purest, best and healthiest coffee ever made. I have been a user of it for 25 years and will want it as long as life lasts. The coffee is worth three times its present market value."

Millions of persons in every part of the country drink no other Coffee, and swell the sales of Arbuckles' ARIOSA until they exceed the combined sales of all the other packaged coffees.

Arbuckles' ARIOSA is the best Coffee for you, saves your money, and gives you presents besides. Speak softly but plainly to your grocer man if he tries to sell you bulk coffee. Tell him you know.

If your grocer won't supply, write to ARBUCKLE BROS., New York City.

Monster Battleships.

Secretary Metcalf, of the Navy Department, yesterday afternoon approved the plans and specifications of the Bureau of Construction and Repair for the two monster 20,000-ton battleships authorized by Congress at its last session. Plans for both ships are identical, and it is understood that they do not differ radically from the plans for the first ship authorized, drawn up by the naval constructors and submitted to Congress, except that the ships are made a few feet longer to provide sufficient room for engines and boilers. It is understood that they call for a speed of 20 knots.

The plans were shown the President who manifested great interest and is said to have expressed his belief that on such plans two of the world's most formidable fighting craft should be produced.

The word has been passed down from the Secretary, at the instance of the President, that these two ships must be completed at the the earliest possible moment—not later than three years and in less time, if possible. Naval constructors and a few civil constructors have been working day and night and the plans that have been approved are said to be a composite of at least three different sets.

Several weeks ago orders were issued by Secretary Metcalf that they must be on his desk by April 15, in order that he might approve them in time for them to go into the hands of bidders by April 20. Two months must elapse after advertising before the opening of bids, which date, accordingly, will be June 20. That will allow 10 days for consideration, with the idea of letting the contract on July 1.

While the government will not undertake to build the ships, builders in the New York and Norfolk yards will be asked to submit estimates of the cost of the vessels so that they may be compared with the bids of the private contractors.

CANDIDATES.

TO THE DEMOCRATIC VOTERS OF THE EIGHTH CONGRESSIONAL DISTRICT OF VIRGINIA:

In a card addressed "To the People of the Eighth Congressional District of Virginia," and published in the press of the district and otherwise, I have heretofore announced my views on the questions of moment which now concern the public.

Adopting that card as a part of this announcement, I now formally announce myself a candidate for Congress from the Eighth congressional district of Virginia, subject to the action of the congressional primary to be held Wednesday, June 19th, 1907.

In the event that I shall be nominated and elected, it will be my earnest desire and ambition to be of service to my district, State and country, and to faithfully represent every interest, and to justify, by every exertion in my power, the confidence reposed in me and honor conferred on me by my fellow democrats. Respectfully,

C. E. NICOL.

Manassas, Va., April 4, 1907.

TO THE DEMOCRATIC VOTERS OF THE EIGHTH CONGRESSIONAL DISTRICT OF VIRGINIA:

I hereby announce my candidacy for the democratic nomination for Congress from the Eighth congressional district, and in so doing desire to say that if chosen at the forthcoming primary it shall be my constant aim and endeavor to represent faithfully the interests of the entire district.

In the course of the campaign I shall endeavor to address and meet as many of the voters as possible in order that we may get better acquainted with each other. I earnestly solicit the support of my fellow democrats. Respectfully,

ma21 tf C. C. CARLIN.

TO THE VOTERS OF THE EIGHTH CONGRESSIONAL DISTRICT:

Having determined to become a candidate for the democratic nomination for Congress from the Eighth Congressional District, I respectfully solicit the support of the democratic voters of the district at the primary election to be held June 19th, 1907. If the people of the district shall deem me worthy of the high honor of bearing the democratic flag in the contest for Congress it shall be the ambition of my life to prove worthy of their confidence and support. Respectfully,

ap6 td R. L. GORDON, JR.

ALEXANDRIA GAZETTE AND VIRGINIA ADVERTISER

FRIDAY EVENING, APRIL 19, 1907.

A CASE has recently been reported from Ware, Mass., in which Octave Girard, who is now 72 years of age, has accumulated $10,000 in twenty-seven years on wages not exceeding $1 a day. He has no trade and not sufficient education to be able to read or write. He and his wife have raised thirteen children, of whom ten are now living. He says they have always been well clothed and had plenty to eat. He generously accords a large share of his prosperity to his wife, who, he says, provided their clothing by purchasing raw material, washing, carding, spinning and weaving it into substantial cloth. He and his wife both came from Canada, and he says that his incentive to save money came from the way the old folks were treated in that country, where they often prove a burden to their children. The rules he lays down for accumulating money are: Steady work at low wages rather than intermittent work at large wages. Do not increase your expenses as your wages increase. Marry young and don't marry a doll-faced woman. Let liquor alone. Own your own home. The above should prove practical hints to many of a pessimistic nature.

THAT seventy-five per cent. of present day sermons from the pulpit could be dispensed with to the betterment of church attendance was the opinion expressed on Wednesday by Dr. Butler, of Pennsylvania, one of the delegates to the national conference of church clubs in annual session in Washington. "The church might stagger under the blow," he remarked, "but its recovery would be rapid and lasting." The reverend gentleman makes an extraordinary assertion, but one that has heretofore been voiced. That most of the utterances from the pulpit at the present day fail to interest the masses is apparent from the fact that there is a steady decline in church attendance. Whether the church would recuperate rapidly and lastingly if seventy-five per cent. of the sermons were "cut-out" altogether is problematical.

TWO ATTEMPTS have been made during the past forty-eight hours to wreck passenger trains in Pennsylvania, and there is every reason to believe that some fiend or fiends formulated plans late yesterday evening to derail and precipitate an electric train bound for Alexandria down a bank near the north approach to the Highway Bridge. Train-wreckers and dynamiters are becoming bolder every day, and it is hoped that the authorities and railway officials will succeed in apprehending miscreants who are rendering traveling dangerous. The electric train which escaped disaster yesterday evening was crowded with Alexandrians, and had the attempt to wreck it succeeded, there would doubtless have been crape on a number of houses today.

CUNARD line stockholders are congratulating themselves over the magnificent dividend of 5 per cent. paid on the business of last year. Last year's gross earnings were nearly three million better than the year before, and the net earnings were a million and a quarter better. For last year not only was the dividend increased, but a greatly increased amount was charged off on account of depreciation, and $600,000 was added to the insurance fund—the company insures its own fleet—against nothing added to the fund in the two preceding years. But the ship subsidists still clamor for government subsidies.

IT WILL be seen by an article elsewhere in the Gazette that the United States has made a decisive movement toward bringing about an era of peace by approving plans for the immediate construction of two monster battleships. Japan launched a similar craft a few days ago. These announcements have followed close in the wake of the recent peace congress in New York.

SENATOR PERKINS created a sensation at the annual banquet of the Oakland, Cal., Merchants Exchange Tuesday by declaring that President Roosevelt talks too much. The Senator doubtless voiced the sentiments of many others concerning the loquaciousness of the present occupant of the White House.

TODAY is the 46th anniversary of the Baltimore riot when Massachusetts soldiers en route to Washington were attacked in the streets of the monumental city and a number of people killed and wounded.

There were 75,000 deaths from the plague in India during the week ended April 13. Seventy thousand of these occurred in Bengal, the United Province of Punjab, The epidemic began in the Punjab, in October, 1897, since when nearly 1,500,000 deaths have occurred.

Regis Henri Post, ex-insular secretary, was yesterday inaugurated as governor of Porto Rico in succession to Beekman Winthrop, at the Municipal Theatre, in San Juan.

(Correspondence of the Alexandria Gazette.)

Secretary of State Root today presided over the first annual meeting of the American Society of International Law. Secretary Root is the president of the society, and Jas. B. Scott, solicitor of the State Department, its recording secretary. There will be three sessions of the society today and one tomorrow morning. The President will give a reception to the members at the White House tomorrow afternoon, but the crowning event of the meeting will be the banquet Saturday night. At this function Secretary Root will officiate as toastmaster. Jos. H. Choate, former ambassador to England, will speak on "Jus et Pax." General Horace Porter, formerly ambassador to France, will discuss "International Conferences." Richard Olney, who was Secretary of State in President Cleveland's Cabinet, will talk about "International Law from an American Standpoint," and Right Honorable James Bryce, the British Ambassador, will tell about the "Sanctions of International Law." With such speakers and such a toastmaster this will be a notable occasion. At this morning's session which began at ten o'clock at the New Willard Hotel, Henry B. F. Macfarland, president of the Board of Commissioners of the District of Columbia, delivered an address of welcome to the numerous members who were in attendance. After the transaction of some routine business the Secretary of State, president of the society, made an important address on the subject "The Real Questions Under the Japanese Treaty and the San Francisco School Board Resolution." At the afternoon's session papers were read on various subjects. The second Hague Conference and the development of international law as a science will be discussed at tomorrow morning's session.

Representative Wadsworth, of New York, last night confirmed an interview with him in the Brooklyn Eagle, in which, commenting on the President's removal of certain federal office holders in New York, said: "I am led to believe that he was merely faking when he announced these lofty principles. The whole thing stamps the President as unreliable, a fakir and a humbug. For years he has indulged in lofty statements and violates them all for the sake of gratifying a pretty spite. Thank God he 'can't fool the people all the time,' and the country is fast awakening to the real character of this bloody hero of Kettle Hill. In this connection it is stated here that the resignation of Collector Sanders was requested by the President in order that a Hughes man might be named in his place and not because the President bears any particular grudge against ex-Representative Wadsworth, who is Sanders' political backer and trainer. If Mr. Sanders refuses to send in his resignation, his head will come off. His successor has been picked out and he will fill the office within a very few days.

It was formerly announced from the White House this afternoon that the President had asked for the resignation of Archie Sanders, internal revenue collector, at Rochester, N. Y., and that Sanders would be removed if he didn't at once comply.

Leading democrats are sniffing contemptuously at Mr. Roosevelt's novel idea of having the federal government defraying the expenses of national campaigns. They do not conceal their interest in the subject, however, and are awaiting further hints from the inter sanctum of the Executive offices. The President has not yet accepted the feasibility of the inspiration which he believes he has, but as far as he has penetrated the thought with his mental ex-ray he is inclined to lay claim to having at last discovered how to purify presidential elections. The political opposition sees all sorts of objections in the idea. They suspect President Roosevelt of having an eye directed to the main chance of political supremacy for his party. They say that if the President's idea should be followed to its logical conclusion it would eventuate in nothing less than the creation of a great, so-called non-partisan election board. With shaking heads and in indignant tones they are wondering whether the President has'nt in mind a "force bill" concealed under a sugar coating of "election purity."

The insular bureau of the War Department which has not yet received official advices of the conflagration at Iloila, report that the city is the second most important in the Philippine Archipelago, although Cebu may have a larger population. The city was destroyed by fire during the Filipino insurrection. The business houses are of stuccoed brick but the residences, among them many fine ones, are of wood on stone foundations. The city is the headquarters of the military department of the Visayes, which is under the command of Brig. Gen. A. L. Mills. It has a municipal government building, an insular custom office and a United States postoffice.

Postmaster General Meyer announced today after the Cabinet meeting that he would send a competent man to Loraine, Ohio, to investigate the case of the three national guardsmen who were suspended by the postmaster there because they left their work to go on strike duty with the militia. Until the special investigator make his report on the case the Postmaster General will withhold his decision.

Governor Swanson has requested the Secretary of War to detail three officers of the army and three cadets from the United States Military Academy to serve on his staff during the continuance of the Jamestown Exposition, and assist him in the discharge of the extra duties which will devolve upon him in connection with the reception and entertainment of official visitors, foreign and domestic. The application was referred to Gen. Bell, chief of staff, for consideration and report.

Unless the Adjutant General of New York and other high officers of its National Guard reconsider their determination to prescribe requirements to the War Department, the coast artillery defense maneuvers of New York harbor, planned for this fall, will be conducted without any militia representation from the Empire State.

Reports received here this morning show that snow is falling in New York, Brooklyn, Philadelphia, Pittsburg and Cleveland.

Wilbur F. Shiflet has been appointed postmaster at Montevido, Rockingham county, vice J. S. Huffman, resigned.

One man was killed and three fatally hurt today, when a traction engine boiler exploded at West Walworth, fifteen miles east of Rochester, N. Y.

News of the Day.

The Illinois house yesterday passed the Young anti-cigarette bill making unlawful the selling of cigarettes or cigarette papers in Illinois. The bill now goes to the senate.

Fire at Montreal, yesterday afternoon in the Plant of the Canada Steam Laundry caused the loss of three lives, two men and a woman, and the injury of 12 others, one of whom, a woman, may die.

Mahlin F. Ludwig, aged 22 years, a clerk in the bureau of standards at Washington, shot and killed himself in the Pennsylvania Railroad station in Philadelphia, last night. Ludwig suffered a nervous breakdown and had been granted a leave of absence.

At Claremore, I. T., George Golden, a hack driver, shot and killed his mother-in-law, Mrs. Kate Paris, at the latter's hotel yesterday, and was himself shot and killed by Chief of Police Leach, with whom he engaged in a running pistol duel. Mrs. Paris and Golden quarreled over a board bill.

News has been received of a riot at the Hutchinson railroad camp, near Byram, Miss., Wednesday night, in which two negroes were killed and a white man was wounded. A negro, whose name could not be learned, assaulted a white man, who, though badly beaten, managed to kill his assailant. This started a general row, and one other negro was killed.

Rev. William G. Herbert, who for the past 11 years has held the pastorate of Caroline Street Methodist Episcopal Church, in Baltimore, died suddenly yesterday afternoon. His death is supposed to have been caused by ptomaine poisoning. For dinner the minister ate fried oysters, and it is thought that owing to the time of the year the bivalves may have contained some poison.

Rev. Dr. Samuel A. Hellner, pastor of the Twelfth Street Methodist Episcopal Church Philadelphia, and one of the best-known ministers in the Philadelphia Conference, dropped dead on the street at Ambler, a suburb, Wednesday. Dr. Hellner was a graduate of the University of Pennsylvania Law School, and was the legal adviser of the Philadelphia Conference.

Mr. William Jennings Bryan was the guest of the General Assembly in Hartford, Conn., yesterday. At the Capitol he was received by Governor Woodruff and informally met many prominent men of the State. At noon the Senate joined the House of Representatives in convention and heard an address by Mr. Bryan. Later Mr. Bryan was dined by the democratic State central committee at Hotel Garde.

Dr. Oliver Crook Haugh, convicted of murdering his father, mother, and brother, at Dayton, Ohio, and then firing the house to conceal his crime, was electrocuted at 12:15 this morning in the penitentiary. Preceded by Father Kelly, the chaplain, he was led to the electric chair, and the usual voltage of 1,700 volts was passed through his body. It was repeated, owing to his size, he weighing close to 200 pounds.

"Persons never know what they will do for the ones they love. If I thought it would benefit my baby any, I would walk twice the distance again." This was said by small and frail Mrs. Mabel Henderson, at Kansas City. On Wednesday night she was picked up in the streets by the police. She was carrying a little baby. She said she had walked all the way from Sedalia, ninety miles, in search of work, and was unable to find friends in Kansas City for whom she was hunting. Snow was falling during most of Mrs. Henderson's journey.

Rev. W. F. Coffey, pastor of an African Church at Olean, was arrested at Rochester, N. Y., Wednesday night on the charge of unlawfully marrying Arthur Jones, colored, and Dora Hitchcock, white. Coffey was held for the grand jury in the sum of $500. Fred Hitchcock, the father of the girl, and Arthur Jones, to whom she was married, were arrested and arraigned before Justice Charles Carter, of Boardmanville. They pleaded not guilty to disorderly acts. A jury trial will be given them today. The arrests were made at the instance of the Society for the Prevention of Cruelty to Children.

Virginia News.

Mr. Roger B. Fiery and Miss Annie G. Denton, of Harrisonburg, went to Winchester Wednesday night and were married at the United Brethren parsonage by Rev. S. K. Wine.

Dr. George Fraser Wilson, a prominent physician of Charleston, S. C., and Miss Ann Preston, daughter of the late Robert Preston, of Leesburg, were married yesterday afternoon at the bride's home, in Leesburg. The ceremony was performed by Rev. J. W. Lupton.

A beautiful wedding took place yesterday morning in the home of Mrs. A. L. Van Pelt in Richmond, when her daughter, Miss Jessie Van Pelt, became the bride of Mr. Joseph Miner Lipscomb of Lowemoore. Rev. T. McN. Simpson, of Clay Street Methodist Church, officiated.

Information has been received in Fredericksburg of an occurrence in Spotsylvania county a few nights ago which is the subject of much comment and the cause of great excitement in the neighborhood where it happened. It is said that a young married man betrayed a sister of his wife, and when the matter became known it caused great indignation. Some of the men of the country decided to punish the man who committed the crime; they formed a band, disguised themselves, intercepted the accused at night, when he was returning home from a neighbor's, stripped him of his clothes, gave him a severe beating with hickory switches and then poured gas tar over his body,

Threats of Lynching.

Newport, R. I., April 19.—Threats of lynching have been made against William T. Dennis, who has been held in $2,000 bail on a charge of beating his 80-year-old wife. The woman is in a hospital in a semi-conscious condition. Neighbors of the couple are worked up over the assault and threaten to take the law into their own hands.

"Preventics" will promptly check a cold or the Grippe when taken early or at the "sneeze stage" Preventics cure seated colds as well. Preventics are little candy cold cure tablets, and Dr. Shoop, Racine, Wis., will gladly mail you samples and a book on colds free, if you will write him. The samples prove their merit. Check early. Colds with preventics and stop Pneumonia. Sold in 5c and 25c boxes by E. S. Leadbeater & Sons, druggists.

Daughters of the American Revolution.

Yesterday was election day at the Congress of the Daughters of the American Revolution, and Mrs. Donald McLean was re-elected as president general. Up to the time the nominations were called for it seemed certain that Mrs. McLean would have no opposition, but late Wednesday night it was decided to put Mrs. Eleanor Washington Howard, of Alexandria, Va., in nomination.

For two hours the Congress was engaged in nominating candidates for the other offices, and at 3 o'clock the voting began. It lasted until after 6 o'clock, when the tellers took the ballot-box to the New Willard Hotel and spent the night in counting the votes. The president general, when the Congress adjourned, announced that the result of the vote would be announced in the morning.

Following are the slates of the "administration" and the "opposition."

Administration—Vice president general, in charge of organization of chapters, Mrs. Charlotte Emerson Main; recording secretary general, Miss Elizabeth F. Pierce; corresponding secretary general, Mrs. John Paul Earnest; chaplain general, Mrs. Esther F. Noble; registrar general, Mrs. Amos G. Draper; treasurer general, Mrs. Mabel G. Swormstedt; historian general, Mrs. J. Eakin Gadsby; assistant historian general, Mrs. Henry S. Bowron; librarian, Mrs. Helen S. Boynton.

Opposition—Vice president general, in charge of organization of chapters, Mrs. J. Epply; recording secretary general, Miss Catherine Barlow; corresponding secretary general, Miss Virginia Miller; chaplain general, Mrs. J. A. Gilfillan; registrar general, Mrs. L. B. R. Fisher; treasurer general, Mrs. Charles W. Brown; historian general, Miss H. S. R. Hetzel; assistant historian general, Miss Minnie F. Mickley; librarian, Miss Aline Solomons.

The McLean slate has triumphed at the congress of the Daughters of the American Revolution, in session here. Mrs. Donald McLean, of New York, has been re-elected president general over Mrs. Eleanor N. Howard, of Alexandria, by a vote of 511 to 152. The following are the other officers elected: Mrs. Charlotte Emerson Main, vice president; Miss Elizbeth F. Pierce, recording secretary general; Mrs. John Paul Earnest, corresponding secretary general; Mrs. E. F. Noble, chaplain general; Mrs. A. G. Draper, registrar general; Mrs. M. E. Swormstedt, treasurer-general; Mrs. J. Eakin Gadsby, historian general; Mrs. Henry S. Brown, assistant historian general; Mrs. Helen M. Boynton, librarian general, all of the District of Columbia.

Cold Weather in the Northwest.

Five inches of snow fell at Omaha Wednesday night, and snow continued to fall yesterday. The fall was general over eastern Nebraska, and is the heaviest known in April for many years. In grain circles it is believed the snow will kill all the green bugs which have been threatening the winter-wheat crop and spreading over the central portion of the State.

A Norfolk (Neb.) dispatch says: "northern Nebraska, southern South Dakota, northeast Wyoming and the Black Hills are covered with a blanket of snow six inches deep on the level, and it is still falling. At Northwestern Railroad headquarters here it was said that the storm is practically the same over their entire system west of the Missouri river. The snow is considered a benefit to small grain, frost being out of the ground."

Snow, which covered the ground to a depth of more than two inches, fell in eastern Nebraska yesterday. The grain crop will be aided by it, and the weather is not cold enough to do further damage to the fruit.

Snow was falling over Iowa yesterday. Two inches is reported from Sioux City, and reports from other points indicate that Iowa is included in the general snow belt. The local weather office reports indications of increased velocity of the storm at Des Moines. The local director of Iowa's crop service says the snow will do good, rather than harm, to budding fruit trees.

Snow fell at St. Joseph, Mo., for several hours yesterday and it is feared has practically ruined such fruit as had escaped the late freezes.

There was a light fall of snow at Kansas City. Evidently the fall did not extend far into Kansas, a light snow being reported from the northeastern corner of the State only.

Central Colorado yesterday experienced a fall in temperature that threatens to play havoc with fruit orchards. Snow fell at Colorado Springs intermittently, and in the mountains the storm reached the proportions of a blizzard.

Impressive Scene.

Thousands of Richmond schoolchildren yesterday united in the work of transferring the Davis statue from the Atlantic Coast line depot to its final site.

The statue was inclosed in a large box, the entire weight of which was more than 4,000 pounds. It required the aid of thousands of little hands to move the gigantic mass up Franklin street to the monument station. As soon as the statue reached Franklin street a committee of veterans from Lee Camp decorated the truck and box in Confederate bunting and flags.

The rope which was attached to the wagon was 700 feet long, or nearly three squares in length. There was ample room for the 3,000 children to catch hold and pull. The rope was attached to the sides of the wagon, the children being arranged in two long lines. Hundreds of little girls in pretty little white frocks and waving small Confederate flags, interpersed among as many boys, formed a most imposing sight. Practically all the schoolchildren in Richmond were in the parade. Thousands of people lined the sidewalks on each side of the throughfare to witness the imposing spectacle. The windows on each side of the street were lined with men, women and children. The veterans turned out in full force to do this last honor to the Confederate President. Many of the old men wept as the statue moved along the street.

The statue will be finally unveiled with imposing ceremonies during the reunion of the Grand Camp Confederate Veterans in May.

Charges to be Investigated

New York, April 19.—Taree members of the jury which tried Harry Thaw were today summoned before Assistant District Attorney Smythe for examination regarding a statement made by Juror John S. Deneen in an interview in a local newspaper in which he spoke of an appeal being made to jurors who were Mystic Shriners on the ground that Thaw's father was a Shriner. The three jurors summoned are Deneen, George Pfaff and Charles D. Newton, all Shriners. Deneen in his statement said Pfaff had told him that three weeks before the lunacy commission was appointed to examine Thaw, one of the policemen on guard at the court house had approached Juror Newton and whispered that Thaw's father was a Shriner. Pfaff inquired of Deneen what he thought ought to be done. Deneen declared it ought to be stopped. Pfaff later repeated the story of the policeman and the two jurors discussed the advisability of telling Jerome, but never did so. Deneen said: "I do not think any one tampered with the jury. If the policeman did this, it was probably on his own hook."

In this connection it is pointed ont that Deneen was the only Shriner on the jury who voted for Thaw's acquittal. Pfaff was the strongest advocate of conviction, and Newton also steadily voted for a verdict of first degree murder.

A complete investigation of the story related by Deneen will be made and it is possible other jurors may also be called to see if they can tell anything about alleged "tampering with the jury."

Harry Thaw is today practically deserted by all his relatives except his wife. His mother and sister, Countess of Yarmouth, are in Pittsburg and Edward Thaw, one of his brothers, sailed for Europe yesterday with his wife. Mrs. George Carnegie, another sister, has returned to her Long Island home. Evelyn, however, will stick to New York so that her daily visits to her husband will not be interrupted.

Delphin M. Delmas, Thaw's senior counsel, in the recent trial, today made a statement explaining his withdrawal from the case, saying he has refused to continue in that capacity, despite the entreaty of Thaw's relatives because he could not reconcile his dignity as an attorney with what Thaw demanded of his counsel. Thaw, Delmas said, is not as much in need of an attorney, as he is of a valet.

Fire and Earthquake.

Manila, April 19.—Driven by a fierce gale a terrific fire swept across the town of Iloilo, Island of Panay, today, practically destroying it. A complete panic prevails in the place, and it has been impossible to get exact details. It is believed, however, there has been heavy loss of life. Fully 20,000 persons have been rendered homeless by the fire and all business has been brought to a standstill. Owing to the desperation of the survivors, the authorities have lost control of the situation completely, and it is reported that no attempt has been made to keep order or to restore confidence.

The fire started early today and the heavy gale quickly fanned it to large proportions. The flames swept across the town, eating everything in their way. All efforts to fight the fire proved unavailing. The best that could be done was to see that everyone was driven from the threatened districts.

Iloilo is the capital of the province of the same name. It had considerable business, being available for vessels of fifteen feet draft. It had a prosperous trade with Manila and other island points. There were many manufacturing enterprises which it is reportrd have been destroyed.

Last night a large portion of the Philippines was shaken by an earthquake. Southern Luzon suffered severely and great damage was done in the towns of Nueva Caceros, Tayabas and Camarinos, but no loss of life is reported. Manila was slightly shaken and the seismic instruments recorded intermittent shocks for three hours.

Fleeing from Volcano.

Mexico City, April 19.—The Colima volcano in southern Mexico is threatening another serious eruption and residents of the entire district in the neighborhood of the mountain are in a state of panic. For half a century this volcano has terrorized Mexicans, and its present activity, coupled with the recent minor eruption and accompanying earthquake shocks, has driven the people to desperation. The last three days the volcano has been vomiting smoke and ashes in such volume that the sky for miles around has been completely obscured. Only the burning forests, which were set on fire by the hot lava emitted during the eruption on Sunday, give any light to relieve the darkness as of night which would otherwise prevail. Hundreds of residents of the volcano region are fleeing for their lives and thousands of others are only waiting the first signal from the crater that another eruption is probable to join in the mad rush to safety. The hill tops near the volcano have been turned into refuge camps where the alarmed fugitives have established themselves temporarily. Food supplies are running short, and it is feared much suffering will results unless the panic is relieved, and the refugees return to their homes. Reports are coming in show that the damage caused by the earthquake is much greater than at first imagined. No attempt has been made to definitely estimate the financial loss, but it will be very heavy. The death list, however, is small in comparison with the material damage wrought by the shock.

Convict Killed.

Atlanta, Ga., April 19.—The posse and the negro convicts who escaped from the Durham mines by tunnelling through the mountain had a clash today, and as a result one of the convicts was killed and two others fatally wounded. The negroes had entered a house to rob it when the posse came up with them. The convicts made a stand, but the posse opened fire immediately and soon proved victorious in the fight.

Will to be Contested.

New York, April 19.—A prominent lawyer today admitted that he had been employed by one of the relatives of the late "Silent" Smith, with a view to contesting the will of the eccentric financier who died in Japan recently, while on his honeymoon, leaving an estate estimated at from $50,000,000 to $75,000,000.

Ask your grocer for Argo Red Salmon, and do not accept any substitute. There is no finer Salmon packed. 15 cents.

Battle Expected.

Tangier, April 19.—Word is momentarily expected of an important battle being fought in the region of the Moulouva river between the Sultan's troops and the armies of Bu Hamara, the Moroccan pretender, and Raisuli, the bandit chief.

The alliance between Raisuli and the pretender was only recently formed. The bandit chief joined Bu Hamara's army with 1,000 of his followers. If the allies are successful in defeating the Sultan's troops, they plan an immediate march on Fez, the Sultan's capital.

Reinforcements are being hurried to the Moulouva river to strengthen the Sultan's army as it is feared the allies are too strong for the force now in the field. The greatest alarm is felt in Fez, lest an attack shall soon be made on that stronghold of the Moroccan ruler.

Striking Miners

Bernie, B. C., April 19.—The coal strike situation is becoming acute throughout the new provinces and British Columbia. One thousand miners quit work at Bankhead, Carmen, Lethbridge and other points today. They are resolute in the face of their threatened arrest under the new law for quitting work pending arbitration. John Mitchell has wired President Sherman advising him to keep the men at work. Sherman takes the position that the men are evading the law by quitting individually without a regular strike order. The new law makes no provision for imprisonment, but merely fines. Transportation difficulties are increasing generally and boards of trade from Regina to Vancouver are petitioning the government to take some action to prevent further trouble.

Alleged Cause of Break.

New York, April 19.—Rumors were current in Wall street today that the recent break between Henry C. Frick and E. H. Harriman was due to the political ambition of the steel magnate. It is reported that Frick has completed a deal whereby he expects to succeed Boies Penrose as Senator from Pennsylvania, and that as a result, he will from now on be an open adversary of Harriman. Frick cannot hope to capture Pennsylvania's legislators votes unless he stands as a stanch supporter of President Roosevelt and he cannot pose as a friend of Roosevelt and be in alliance with one so obnoxious to the President as Harriman.

Charges Against Railroads.

New York, April 19.—Commissioner Henry Decker, of the Interstate Commerce Commission, held a hearing in this city today to entertain complaints of shippers against railroads. Henry M. Rau set forth his case against the Pennsylvania, Philadelphia, Baltimore and Washington, Chesapeake and Ohio, and the Southern Railway, asserting that the rate prescribed by the roads for the transportation of his commodities, burlap bags and bark for tanning purposes, from Newark, N. J., to southern points, was excessive.

Earthquake Shocks at Charleston.

Charleston, S. C., April 19—An earthquake shock was distinctly felt here today, a very perceptible wave motion from east to west being noted. No damage of any extent resulted, but grave fears were raised that there might be succeeding and greater shocks. The fear of a tidal wave following which was also quite general. The shock was distinctly felt at Somerville, a health resort 20 miles from here, which seemed to be the centre of the seismic agitation.

Work of Bank Robbers.

Weston, Ill., April 19.—Bank robbers early today blew open the safe of the Weston Banking Company with dynamite and escaped with all the funds, estimated at $5,000. Citizens were aroused by the three explosions and rushed to the streets, but were driven back under a hail of shots from the bandits. The latter departed in the direction of Streator, on a handcar. A posse under Sheriff Morris went in pursuit.

Boy Murdered.

Wilmington, Del., April 19.—Murdered as he lay in his bed was the fate met by Robert Brown, aged 15 years, at his home No 719 Locust street, early this morning. A gaping bullet wound in his head, however, told the story and for a foot above the bed the white-washed wall was splashed with blood. The police have three men under arrest. No cause is known.

Refuses to be Interviewed.

Chicago, April 19.—"My private affairs are my own business and none of the public's concern, now or in the future" said W. E. Corey, president of the United States Steel Corporation, when asked regarding his reported engagement to Mabelle Gillman, the singer, Corey and his party leave for the east today.

Killed by Typhoon.

Berlin, April 19.—Two hundred and thirty natives of the Uluthi group lost their lives in a typhoon, which swept over the Carolina Islands on Good Friday, according to a cable message received today from the Governor of the Island of Yap.

Charged With Killing His Wife.

Cleveland, O., April 19.—George W. Johnson, jointly accused with Miss Blanche Bourdalle, of attempting to kill his wife, at Rochester, N. Y., by forcing her to drink poison, has been arrested here. Mrs. Bourdalle was arrested two days ago and taken to Rochester yesterday.

Death of Former Congressman.

Baltimore, April 19.—Hon. John V. L. Findlay, former member of Congress, close personal friend of the late President McKinley, and eminent barrister, of Baltimore, died here this morning. He had just returned from the peace conference in New York city.

Negro Lynched.

New Orleans, April 19.—Fred Kilbourne, a negro, charged with an attempted attack on Mrs. W. S. Stewart, the wife of a white farmer, was lynched by a mob in east Feliciana parish early today.

Hard Times in Kansas.

The old days of grasshoppers and drouth are almost forgotten in the prosperous Kansas of today; although a citizen of Codell, Earl Shamburg, has not yet forgotten a hard time he encountered. He says: "I was worn out and discouraged by coughing night and day, and could find no relief till I tried Dr. King's New Discovery. It took less than one bottle to completely cure me." The safest and most reliable cough and cold cure and lung and throat healer ever discovered. Guaranteed at E. S. Leadbeater & Son's drug store. 50c and $1.00. Trial bottle free.

A Set-back for Municipal Ownership.

The Supreme Court of Illinois yesterday administered what is generally considered a death blow to municipal ownership of the street car lines of Chicago. The decision was in the case in which the legality of $75,000,000 worth of Mueller law certificates which ex-Mayor Dunne wanted issued, was challenged, and the court decided against the certificates. In doing so, it practically made the law itself inoperative.

The Mueller law still stands intact, but the power of putting it into effect, so far as Chicago is concerned, has been taken away from it.

The city can own and operate street car lines if it wants to, but the method of getting money to buy or build these has been taken away from it. The proposed certificates were declared invalid by the court for the reason that they would be an addition to the bonded indebtedness of Chicago, and that city is already fully up to its constitutional limit, which is 5 per cent of the value of its assessed property.

The decision also finds fault with the certificates, because they are a mortgage not only on what street-car properties the city might acquire under them, but the streets of the city as well.

The decision makes short work of the plan to acquire immediate possession of the street car properties by condemnation proceedings. Neither a municipality nor any other corporation can condemn property without the cash in hand to pay for it, and the decision deprives the city of the power to raise the money.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Stuart—Hoxton Wedding.

Mr. George Calvert Stuart, of Cedar Grove, King George county, Va., and Miss Anne Robinson Hoxton, daughter of the late Col. L. Hoxton and Mrs. Hoxton, were married last night at the Chapel of the Theological Seminary, Fairfax county. The ceremony was performed by the bride's uncle, the Rt. Rev. A. M. Randolph, D D., Bishop of Southern Virginia. The Matron of Honor was Mrs Archibald B Hoxton, of the Episcopal High School. Maid of Honor, Miss Bertha M. Randolph, of Fauquier county; bride's maids, Miss Rosalie E. Stuart, of King George, and Miss Alice C. Davis, of University of Virginia; best man, Mr. Charles Calvert Stuart, of Philadelphia; ushers, Messrs. L G. Hoxton, of University of Virginia; Douglas Stuart, of Alexandria; R Stuart Hunter, of Winchester; Angus McD. Crawford, of the Episcopal High School, and John M. Daniel, jr., of Episcopal High School. The bride was given away by her eldest brother, Mr. Wm. W. Hoxton, of St. Louis, and was preceded to the altar by his six year-old daughter, Abbie F. Hoxton, as flower girl. The immediate family party consisted of Mrs. Llewellyn Hoxton, Mr. and Mrs. W. W. Hoxton, Mr. and Mrs. A. R. Attempt to Wreck Train

An attempt was made to wreck the 9:30 p. m. o'clock express train on the Washington, Alexandria and Mt Vernon Railway at the northern approach to the Highway bridge in Washington, and it was only because of the slow speed of the train that no one was hurt. The matter was brought to the attention of the police by Superintendent Colvin, who reported that the cross-over switch at the north end of the new Highway bridge was blocked by some unknown party by placing an iron nut in one switch and an iron bar in the other. A southbound train hit the switch at 6:38 breaking the flange from the motor car. As it happened, the train was running at a slow speed. There is a heavy embankment at that point, and if a train had been going at a high speed, as usual, the two cars would have jumped the track and rolled down the embankment. No motive is known for the attempt, and several detectives have been assigned to investigate the matter. Both cars were crowded with passengers, as parties living in Alexandria and way stations who work in Washington use that train to return home at night.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

A white man, arrested by Lieutenant Bettis charged with disorderly conduct at Wilkes and Fairfax streets, forfeited his collateral by failing to appear. Two boys, arrested by Officers Beach and Garvey in connection with the same case, were dismissed. Warrants have been issued for two other youths charged with disorderly conduct in the same vicinity.

Samuel Dudley, colored, arrested by Officer Bell charged with disorderly conduct, was fined $5. Lena Stewart and Lorena Butler, both colored, arrested by the same officer on a similar charge, were dismissed.

John D. Curtis, arrested by Officers Bell and Garvey charged with lunacy, was dismissed upon promising to leave the city.

The Late Miss Frobel.

The death of Miss Annie Frobel, formerly of Fairfax county, an aged lady and well known to many Alexandrians, which recently occurred at the home of Mrs. Mary Marshall Raoul in Scotia, Ala., has been mentioned in the Gazette. The deceased had attained the ripe age of 95 years. During a portion of her long life she resided in or near Alexandria, and when she removed to Alabama she carried with her the recollections of her residence among us, as well as of the many friends and acquaintances with whom she mingled for so many years. Up to her death she was a regular reader of the Gazette, and kept in touch with Alexandria and the history the city is making.

Circuit Court for the County.

[Judge L. C. Barley, presiding.]

John Wright, convicted of committing a criminal assault upon Miss Mabel Risley last September, was sentenced to be hanged on Friday, May 31, 1907.

Snoot vs. the W., A. & F. C. R. R.; jury and case in progress. The plaintiff was represented by Messrs. Macben & Moncure, and the defendants by Mr. R. W. Moore.

The judge signed a final decree in the case of the assignment of B. A. Dougherty, who conducted a refreshment stand at Luna Park. It provides for the sale of his property at auction, providing a satisfactory offer cannot be obtained at private sale.

Wright Sentenced.

John Wright, colored, who was convicted of criminal assault upon Miss Mabel Risley, now Mrs. Forrest Gooding, near Luna Park last September, was resentenced today by Judge Barley in the Circuit Court for the County to be hanged. The execution will take place on Friday, May 31, 1907, between sunrise and 12 o'clock noon. When Wright was asked if he had anything to say why the sentence should not be carried out, he arose and asserted his innocence of the crime charged to him. Wright was convicted on November 30 last and sentenced to death, but was granted a stay of execution by the Court of Appeals. The appellate tribunal denied petitions for a new trial.

Accused Dismissed.

Edward Harrison was arrested by Lieut. Smith yesterday on complaint of an elderly man named Matthew Kown. He was charged with obtaining $400 on false pretenses. Mr Kown told the police that about a year ago young Harrison borrowed the sum mentioned from him, agreeing to open a printing office and make him night watchman. Harrison, he claims, failed to carry out his part of the agreement, and he has never been able to collect the money. The case was heard in the Police Court this morning when Harrison was dismissed it being a matter to be settled in a magistrate's court.

River Notes.

The steamer Lackawanna, which arrived from New York yesterday, has taken the place of the steamer Woodbury on the Alexandria and Washington ferry route.

The three-masted schooner W. O. Goodman is loading ties at this port for New York. The barge Kathryn Mellwaine is also loading ties at the wharf of the Bryant Fertilizer Company. The schooner Haskell Hart, loaded with ties, has sailed for New York.

The schooner W. H. Maguire, with lumber to H. K. Field and Co., has arrived.

Attempted Suicide.

A man who gave his name as John D. Curtis attempted to jump into the river at the foot of Prince street early this morning, but was seized by bystanders and prevented from carrying out his purpose. He was later taken in charge by Officers Bell and Garvey and arraigned before the Police Court on a charge of lunacy. He was sent to Washington, where he lives. Curtis was at one time a soldier.

Fatal Accident.

Joseph Clair, 22 years old, employed as a brakeman in the Potomac railroad yards, north of this city, was fatally injured last night while engaged in coupling cars. The unfortunate young man was taken to the Alexandria Hospital, where he died at 3 o'clock this morning. The deceased was a son of Edward and Susan B. Clair, and was a native of Fairfax county. He was unmarried and had recently lived in this city.

Fanchon Pleasure Club.

The Fanchon Pleasure Club is making preparations for their May dance at McBurney's Hall on Thursday, May 2, which will be the last dance of the season, and every effort will be made to make this a most enjoyable affair. Invitations will be issued next week. The committee is composed of Messrs. Harry Dachslager, Jerome Kaufmann, Thos. Gibb, Martin Quinn, Edward Ticer and Henry Steiner.

One-legged Man Arrested.

Lieutenant Smith this afternoon arrested a one-legged man named John Rice, who recently appeared in this city soliciting alms. It is said that he spends all the money he receives in liquor, and storekeepers have objected to him stationing himself in front of their places of business. Rice will probably be sent out of the city.

Declared Insane.

A lunacy commission, consisting of Dr. Samuel B. Moore, Dr. Martin D. Delaney and Justice of the Peace Julius Pelton, yesterday made an examination of Charles Lloyd, a youth who was recently sent to jail on a charge of larceny. He was found to be of unsound mind and will be placed in a State asylum.

Reception Tonight,

The Epworth League of the Methodist Episcopal Church South will tonight tender a reception to Rev. E. Y. Regester, the new presiding elder in this district, and Rev. C. D. Bulla, who was recently reassigned to the church in this city.

His Dear Old Mother.

"My dear old mother, who is now eighty-three years old, thrives on Electric Bitters," writes W. B. Brunson, of Dublin, Ga. "She has taken them for about two years and enjoys an excellent appetite, feels strong and sleeps well." That's the way Electric Bitters affect the aged, and the same happy results follow in all cases of female weakness and general debility. Weak, puny children too, are greatly strengthened by them. Guaranteed also for stomach, liver and kidney troubles, by E. S. Leadbeater & Sons, druggists. 50c.

CHESAPEAKE PRESBYTERY.

The spring meeting of Chesapeake Presbytery, which has been in session during the past few days at the Second Presbyterian Church, Washington, came to an end last night.

On Tuesday evening the opening sermon was preached by Rev. J. R. Cook, the retiring moderator.

The roll was called, showing nine ministers and ten ruling elders present.

Rev. Joseph R. Sevier, of the Second Presbyterian Church of this city, was unanimously elected moderator.

Much of the business transacted was of a routine nature, receiving reports from the churches on the various departments of church work, reviewing the records of the churches, tabulating the reports and ordering them sent to the general assembly. The year's record of the presbytery was a good one, showing a total membership of 1,710, with a Sunday school membership of about 1,200; contributions to foreign missions $2,858; to pastors $7,763, and congregational expenses $7,887. Besides these there were smaller amounts given to other causes.

Rev. H W. Pratt, chairman of the committee on preparation of a new manual, reported, and the same was ordered to be printed.

After considerable discussion the Presbytery voted against the Charlotte articles for closer relations with other Presbyterian churches of this country.

Dr. Thompson and Dr. D. W. Wills, of Washington and Rev. D. W. Wills, jr., of Syracuse, N. Y., were introduced to the Presbytery and invited to sit as visiting brethren.

On Wednesday afternoon Rev. A. D. Gilmour was heard in the interest of the Union Seminary. On Wednesday night the communion sermon was preached by Rev. J. R Sevier.

Rev. Jas. H. Taylor and Elder A. G. Uhler were appointed a committee to prepare an exhibit for the Presbytery at the Jamestown Exposition, Rev. Wm. Chinn, with Rev. L. F. Harper were chosen as alternates; and Mr. A. G. Uhler, with Mr. Miller alternate, were chosen as the Commissioners to the General Assembly which meets at Birmingham, Ala., in May.

On Thursday night Rev. Jas H. Taylor preached the sermon on foreign missions after which the report was read, a resolution of thanks for the hospitality of the Washington people, the minutes read and approved, the closing hymn sung, and the meeting adjourned to meet at the Aldie Church, in Loudoun county, September 10, at 8 p. m.

The presbytery was delightfully entertained at lunch Thursday at the Cordova by the Ladies' Aid Society.

A VALUABLE PRESCRIPTION.

The average person does not realize how much the bodily health depends upon the proper action of the kidneys and bladder, nor how widespread disorders of those organs are. It is quite safe to say that they give physicians as many sleepless nights on account of their patients as do any of the others, and perhaps it would not be too much to say that, directly or indirectly, they are chargeable with as much sickness as all the other organs of the human body combined. As a result of a vast amount of careful study, many physicians are now using with great success in the treatment of disorders traceable to the kidneys and bladder a prescription composed 1-4 oz. Fluid Extract of Buchu, 1-4 oz. Fluid Extract of Uva Ursi, 1 oz. Amet Cordial, 1-4 oz. Fluid Extract of Liverwort and 15 ozs. water. This is administered in doses of a tablespoonful three times a day and while the treatment is continued, which, in order that all impurities may be eliminated from the system, should be for a month, the patient is advised to drink large quantities of water. The materials called for by the prescription are carried in stock by every first-class pharmacy.

The Ashton Pharmacy,
1120 KING STREET,
Alexandria, Virginia.

Having become the manager of the business heretofore conducted at 1120 King street, Alexandria, Va., under the name of "Entwisle's Modern Pharmacy," I have taken the management of said drug business, which in the future will be conducted under the name of "The Ashton Pharmacy."

I have an experience of 28 years in the drug business and mean to make this new enterprise an up-to-date and excellent pharmacy.

A specialty of fitting trusses and supporters and adjusting crutches will be made by me, I having been in that particular line for seven years with Messrs. E. S. Leadbeater & Sons.

I therefore respectfully solicit the public patronage for this enterprise and particularly that of prescriptions from physicians. My personal care will be given to prescriptions to insure accuracy and satisfaction.

Respectfully,

Woman Charged With Theft.

Mrs. Edna West, a well-dressed and handsome young woman, who stated she was from New York, was arrested yesterday at the corner of Tenth and F streets in Washington, in front of a department store by Detective Weeden on a charge of robbery, and the incident drew a large crowd. Mrs. West's excitable denunciation of the detective as trying to kidnap her attracted the attention of Senator Elkins, of West Virginia, who was passing, and he asked the detective why the woman was being detained. Weeden told the Senator that he was a detective and was arresting the woman on suspicion of having taken a pocketbook.

The evidence connecting Mrs. West with the taking of the pocketbook is said to be entirely circumstantial. A customer at the store Wednesday had her pocketbook snatched from her hand, while she was on the second floor. A woman was seen by a clerk, it was learned afterward, emptying a pocketbook of its contents in the ladies' room on the third floor. While Mrs. West was in the store yesterday she was identified as the one who had been seen emptying the pocketbook Wednesday, and her arrest followed. Mrs. West states that she is innocent of the charge. When searched by the matron at the House of Detention the sum of $112 was found upon her.

Brutual Crimes.

Two nights ago two men entered the home of Frank Belcher, at Kingsport, in Sullivan county, Tenn., 20 miles west of Bristol, just as the family were retiring for the night. Mr. and Mrs. Belcher and their 14-year-old daughter were the only members of the family in the room at the time. With drawn revolvers the strangers compelled Belcher to throw up his hands, and threatening to kill him if he moved, one of the men seized Mrs. Belcher and criminally assaulted her in the presence of her husband and daughter. Following this crime the man held a revolver over Belcher while his associates assaulted Mrs. Belcher in like manner. The story of the crime was withheld for the time through fear of lynching, and it was not until yesterday that it became generally known in the town of Kingsport. Excitement and indignation prevail, and advices from Kingsport last night are to the effect that if the two men are discovered they will certainly be lynched. Belcher and his family came to Kingsport recently from Campbell county, Tennessee.

Out of Sight.

"Out of sight, out of mind," is an old saying which applies with special force to a sore, burn or wound that's been treated with Bucklin's Arnica Salve. It's out of sight, out of mind and out of existence. Piles too and chilblains disappear under its healing influence. Guaranteed by E. S. Leadbeater & Sons, Druggists. 25c.

Hail Storm in Florida.

A severe wind and hail storm struck Jacksonville, Fla., at 3:30 o'clock yesterday afternoon, doing considerable damage. The tug Annie B. capsized and Captain Sloan was drowned. The driver of a milk wagon was killed by a "live" wire. Glass windows on the west side of the buildings were demolished and several buildings were unroofed. A dozen or more horses, lashed by the large hailstones, ran away, some of them crashing into and shattering plate-glass show windows and others running into the river. Dixie Land Amusement Park suffered several thousand dollars' damage. Some of the hailstones measured one and a half inches in diameter. Numerous small craft in the river were either beached or swampered. The Wheelmen's clubhouse was wrecked.

The News—No Pure Drug Cough Cure Laws would be needed, if all Cough Cures were like Dr. Shoop's Cough Cure is—and has been for 20 years. The National Law now requires that if any poison enter into a cough mixture, it must be printed on the label or package.

For this reason mothers, and others, should insist on having Dr. Shoop's Cough Cure. No poison marks on Dr. Shoop's labels—and none in the medicine, else it must by law be on the label. And it's not only safe, but it is said to be by those that know it best, a truly remarkable cough remedy. Take no chance, particularly with your children. Insist on having Dr. Shoop's Cough Cure. Compare carefully the Dr. Shoop package with others and see. No poison marks there! You can always be on the safe side by demanding Dr. Shoop's Cough Cure. Simply refuse to accept any other. Sold by E. S Leadbeater & Sons, druggists.
